

PPT CONTENTS FOR THE FINAL PRESENTATION OF MINI PROJECT

A. Cover page <ul style="list-style-type: none">❖ Title of the project❖ Name of team members with register_no enclosed in simple brackets.❖ Guide name with designation.
B. Table of Contents
C. Problem Statement <p>(It should answer the following questions- What is the problem?, who has the problem?, where does the problem occur?, what causes the problem?, what does the problem impact?)</p>
D. Motivation <p>(What triggered you to do this project ?, Mention the need of the project.)</p>
E. Objectives <p>(Include the desired results of the project)</p>
F. System study <ul style="list-style-type: none">❖ Existing system❖ Proposed methodology<ul style="list-style-type: none">➤ Feasibility study(Include Economic, Technical , Operation and schedule feasibility checks)
G. Requirements Gathering and Analysis <ul style="list-style-type: none">❖ End user requirements(Precise requirements of the user)❖ Hardware requirements❖ Software requirements
H. SRS document <p>(Create a link to the SRS document from your ppt)</p> <p>(Include everything which should be designed and developed during the project life cycle. Should be clear and concise.)</p>

I. Design

High- Level design

(Include brief description & name of each module, an outline about the functionality of each module, Interface relationships and dependency between modules and draw DFD's.)

Database Design

Include the relations- design (screenshots of the relations), strictly mention the constraints(primary key, foreign key, not null etc.) implied on every attribute. Every relation is expected to have a primary key. (*Thorough knowledge of database design, keys and normalization concepts are expected from students during the final presentation*)

J. Implementation / Coding

Include code for database connectivity , sample code to perform any three actions/events . (*You are expected to explain the code. Max two slides*)

Include application snapshots.

K. Testing

Mention and explain the testing which you have done in the project.
Include a few sample test cases.

L. Future Perspectives

M. Conclusion

N. References - *Strictly follow IEEE format*

Font : Times New Roman (Choose font size accordingly)

Deadline of submission of final PPT to the guide(In PDF format)	<i>20/09/2020(Before 5pm)</i>
-------------------------------------------------------------------------	---------------------------------------

Note : Marks shall be reduced accordingly for late submission.
